A LONG TIME COMING...

KYB is a leading Japanese manufacturer of hydraulic products, renowned for its advanced suspension systems for both cars and motorcycles. Since entering the motorcycle market in 1950, **KYB** has partnered with major OEMs, supplying suspension systems for everyday and high-performance bikes.

In 2013, **KYB** and Yamaha Motor Co. formed **KYB** Motorcycle Suspension Co., Ltd., combining expertise to develop high-quality suspension systems for Yamaha motorcycles.

Now, after more than 70 years of engineering expertise and partnerships, **KYB's** arrival in the European 2-Wheel Aftermarket marks a milestone that is truly a long time coming, featuring a comprehensive range of fork components, seals, RCUs, and other accessories for motorbikes.

PRODUCT RANGE

SPARE PARTS & ACCESSORIES

Fork Seals, Dust Covers and Kits

KYB Fork Seals, Dust Covers and Kits are premium sealing and protection components, engineered to maintain optimal fork performance and extend lifespan by shielding from dirt, water and wear. The seals and dust covers are identical to the ones used in factory-installed **KYB** suspensions, ensuring that the sealing efficiency and quality meet the manufacturer's original standards.

Fork Bushing Kits

KYB bushings are precision components that have been specially developed to optimise the function and durability of **KYB** motorcycle forks. They are an essential part of the damping system and ensure low-friction movement and a precise fit. **KYB** has a wide range of bushing kits available for a wide variety of forks, corresponding to the materials and tolerances of factory-fitted bushings.

Oil

KYB fork oil is a specially developed high-performance lubricant for motorcycle forks. It ensures optimum damping performance, reduces wear and improves stability and riding comfort. Thanks to its exceptional formulation, **KYB** fork oil fulfils the highest standards in terms of efficiency and durability. Complies with the specifications of the factory.

Mounting Grease

KYB Mounting Grease is a high-quality lubricant that has been specially developed to facilitate the assembly and disassembly of shock absorbers and suspension components. It protects against corrosion and wear, ensures smooth operation and extends the service life of vehicle components.

PRODUCT RANGE

SHOCK ABSORBERS

Our shock absorbers offer excellent ride comfort, high stability and durability.

Choose the right technology for your individual requirements from four different variants.

Premium

Designed for daily commuting, this standard shock absorber offers a perfect blend of comfort, stability and style.

- ◆ **Enhanced control** through a specially engineered piston valve design.
- ◆ **Exceptional durability** with a double OE-grade sealing system.
- ◆ **Increased strength** due to a premium-quality tube and hard chrome-coated shaft rod.
- ◆ **OE-standard natural bushing** for reliable, long-lasting performance.

Premium Heavy Duty

Engineered for durability and comfort, this heavy-duty shock absorber delivers reliable performance under pressure - ideal for everyday use and heavy loads.

- ◆ **Heavy-duty, reinforced version of Premium**, engineered to withstand tough strain and last longer.
- ◆ **Up to 40% larger coil spring**, supporting maximum loads of up to 280kg.
- ◆ Perfect for those frequently on the road or for those needing a higher load capacity.

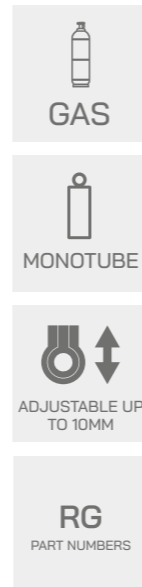

K-Alpha

The K-Alpha series is designed and developed for drivers who need superior performance. This range features improved tuning for those who prioritise comfort, as well as quiet and smooth driving.

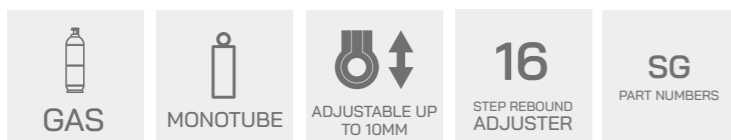

- ◆ **Dual adjustable functions:** Equipped with both a Thread Spring Preload Adjuster and Length Adjuster to fine-tune spring settings and vehicle height for a personalised ride.
- ◆ **Free-piston system:** Fitted with the same technology used on racetracks to assist with stabilisation.
- ◆ **Lightweight and durable:** Manufactured using high-quality aluminium for better heat dissipation.

K-Elite

The K-Elite series is designed and developed for drivers who prefer a sporty and dynamic ride with increased adjustment options.

- ◆ **Triple adjustable functions:** A 16-step Rebound Adjuster, Thread Spring Preload Adjuster and Length Adjuster gives the ability to fine-tune settings for a truly personalised ride.
- ◆ **Free-piston system:** Fitted with the same technology used on racetracks to assist with stabilisation.

FIND YOUR FIT

KYB shock absorbers are engineered with precision and built to meet the demands of a wide variety of motorcycles, from everyday commuters to high-performance machines. The table below provides detailed specifications to help you identify the perfect fit for you.

Type	Structure	Length Adjuster	Spring Preload Adjuster	Rebound Adjuster	Part Numbers Starting With	Perfect For
OIL	MONOTUBE TWIN-TUBE	-	-	-	SR SD	OE restoration, ideal for anyone who appreciates standard driving characteristics.
OIL	TWIN-TUBE	-	-	-	HD	For those who are frequently on the road or need a higher load capacity.
GAS	MONOTUBE	✓ Up to 10mm	✓	-	RG	For those who attach particular importance to driving comfort.
GAS	MONOTUBE	✓ Up to 10mm	✓	✓	SG	For those who prefer a sporty and dynamic ride with increased adjustment options.
